

COCKTAIL LIST

Rock Melon Sour

A deeply flavoured, full-body fruity cocktail, a true Greek summer reminder! High quality melon liqueur within a few drops of Caribbean aromas and fresh citrus.

The Birdman Negroni

We deconstructed the three key ingredients. In the end we came up with twelve. And now you can taste one of the most deeply layered negronis.

Peach on Spritz

It is a common secret that everybody likes it but no one admits. Juicy peaches and ginger come magically together with hints of chocolate.

Sky Blue

Inspired by the Aviation, we start from Peru, then fly directly to the Dutch island of Curacao for dried oranges, collect violets from Bulgaria's Mount Belles and plenty of blue from the Aegean Sea.

Santo Mule

One Drink, two choices! Straight forward Vodka or a botanical Gin! Feel the sparkling bubbles from an artisanal ginger beer, aromatic Greek spices and a few dashes of lime.

The Sun Goes Down

This genuine - but sneaky - Aperitivo, full of sunset Campari colours, funky oranges and pineapples, redefines the Aperitivo category.

Rummy

Come aboard and explore the strange tides. Go ahead and Blend Caribbean rums, citrus, a couple of sweet nutty feelings, juicy fruits of passion and break the rules.

Red Shade Espadin

The universe conspired for all these ingredients to be in the same place at the same time. Colours and aromas, an orchard of oven-cooked agaves, Thranian tradition unite to create a red blooming garden.

Liquid Love

Inspired by the Holy Triad of Caribbean drink Rum+Lime+Sugar A.K.A. Daiquiri, this super balanced sweet & sour cocktail is always in the mood.
